Medical Provider:**Date Assigned****Comments:**

Inmate states that the ventilation system for that side of the kitchen has been broken for years.

Spoke to C. Senato in the kitchen he says that the exhaust fan is working on that side of the kitchen, it is being cleaned to make it work better.

APPEAL REQUEST

The inadequate ventilation system as the SCI kitchen has been an ongoing problem that has been allowed to create insanitary and hazardous work place for inmates. I worked in the kitchen since November 30, 1992, and had made repeated complaints over the years, but nothing happens. The inadequate ventilation and lack of air flow undermines the health of the inmates and sanitation of the prison. Other areas of the kitchen is also seriously affected are the inmate bathrooms, breakroom, and the complete old side of the kitchen.

Decision Date : 09/12/2005

Vote : Uphold

Comments :

I concur with the Warden's decision concerning continuous maintenance of equipment. Also, note that BOP 4.4 is an attempt to find administrative remedies; it has no authority to award compensation to offenders for "irreparable damages" claims.
